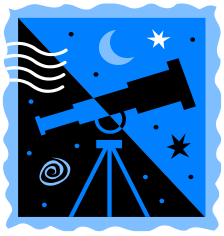
Astronomy Nights!

View the night sky at the Western Science Center



Join us to learn more about planets, stars, and the sky above us. Telescopes will be provided by members of the Riverside Astronomical Society.

The Riverside Astronomical Society is a volunteer organization started in 1957 in Riverside. The society organizes and participates in numerous community and education-related events each year and enjoys bringing the world of astronomy to the public.

February 11, Friday

6:00—10:00pm FREE!

Children under the age of 13 must be accompanied by an adult.

Spring 2011 Astronomy Nights

February 11 **March 11**
