2. OVERVIEW

This District, by special benefit assessments, provides funding for the installation, operation, maintenance and servicing of street lights and traffic signals (including the maintenance of appurtenant horizontal and vertical surfaces); the installation, maintenance and servicing of landscaped areas (parkways, medians, etc.); the installation, operation, maintenance and servicing of municipal parks; and the installation and maintenance of street trees on a citywide basis; all of which are located on public land, in public rights-of-way, or in landscaping easement in the City of San Jacinto.

In November of 1996, the voters of California passed Proposition 218 which added Articles XIIIC and XIIID to the California Constitution. These new Constitutional provisions affect the procedural and approval requirements for the levy of assessments. Among other things, the new requirements provide that assessed parcels of real property must receive a special benefit from assessments. Assessments are also subject to new majority protest requirements. These new requirements apply, unless an assessment district meets certain exemptions set forth in Proposition 218.

The following assessments are exempt from the procedures and approval process of Article XIIID of the California Constitution;

A. Any assessment imposed exclusively to finance the capital costs or maintenance and/or operation expenses for sidewalks, streets, sewers, water, flood control, drainage systems or vector control; or

B. Any assessment imposed pursuant to a petition signed by the persons owning all of the parcels subject to the assessment at the time the assessment is initially imposed.

Zone A (A-1, A-2 and A-3), Zone B and Zone E of the City of San Jacinto Landscaping, Lighting and Park District No. 1 qualify as an existing assessment exempt under exemption "A" described above. This conclusion has been reached using the definitions provided by the Office of the Controller for the State of California and the Guidelines Relating Gas Tax Expenditures published by the division of local government affairs. Under this definition, street improvements include, but are not limited to, such things as street lighting and parkway and median landscaping.

Zone D park maintenance assessments within City of San Jacinto Landscaping, Lighting and Park District No. 1 also qualify as an existing assessment exempt under exemption "B" described above in that the park maintenance assessment imposed was consented to by all of the persons owning all of the parcels subject to the park maintenance assessment at the time the assessment was initially imposed. The language of Articles XIIIC and XIIID will undoubtedly be subject to future legislation and court decisions in order to clarify the specific intent of these new Constitutional provisions. At the time that this report was prepared no such legislation or judicial guidance existed with regard to determining how the property owner consent exemption would apply. However, the drafter of these provisions, the Howard Jarvis Taxpayers Association, has stated that it intended to exempt from the procedural and approval requirements those assessments being re-levied on an annual basis under an existing assessment district so long as the assessments are not increased. The proposed assessments for the 2012/13 Fiscal Year for Landscaping, Lighting and Park District No. 1 fall within this exemption because they are merely the annual levy for assessments previously consented to by property owners.

Section 22573, Landscaping and Lighting Act of 1972, requires assessments to be levied according to benefit rather than according to assessed value. The section states:

"The net amount to be assessed upon lands within an assessment district may be apportioned by any formula or method which fairly distributes the net amount among all assessable lots or parcels in

proportion to the estimated special benefits to be received by each such lot or parcel from the improvements.

The determination of whether or not a lot or parcel will benefit from the improvements shall be made pursuant to the Improvement Act of 1911 (Division 7 commencing with Section 5000) [of the Streets and Highways Code, State of California]."

The 1972 Act also provides for the classification of various areas within an assessment district into different zones where, “by reason of variations in the nature, location and extent of the improvements, the various areas will receive differing degrees of benefit from the improvements. A zone shall consist of all territory which will receive substantially the same degree of benefit from the improvements." An assessment district may consist of contiguous or noncontiguous areas.

Although Proposition 218 mandates that parcels owned by public agencies be assessed if they receive special benefit from the improvements being serviced and maintained by the assessments; under the exemptions stated above, properties owned by public agencies, such as city, county, state, federal government, or board-governed special districts, are not assessed.

The word “parcel,” for the purposes of this report, refers to an individual property assigned its own assessor’s parcel number by the Riverside County Assessor’s Office. The Riverside County Auditor/Controller uses assessor’s parcel numbers and specific fund numbers to identify on the tax roll properties assessed for special district benefit assessments.

Following consideration of public comments at a noticed public hearing, and review of the Final Annual Engineer’s Report, the City Council may confirm the report as submitted and order the levy and collection of assessments for Fiscal Year 2012/13. If approved, the assessment information shall be submitted to the County Auditor/Controller, and included on the property tax roll for each benefiting parcel for Fiscal Year 2012/13.

8. Subject to available funds.

5. METHOD OF APPORTIONMENT

5.1 Method of Apportionment

The net amount to be assessed upon lands within the District in accordance with this report is apportioned by a formula and method which fairly distributes the amount among all assessable lots or parcels in proportion to the estimated special benefit to be received by each lot or parcel from the improvements, namely the maintenance and servicing of public landscaping, lighting and park facilities within such District. The maintenance and servicing of public landscaping, lighting, park facilities and street trees installed and constructed in public places in the City of San Jacinto provides a special benefit which is received by each and every lot or parcel within the specified zones of benefit in the District. Landscaping and street trees within the District enhance the aesthetic appeal of parcels within the landscaping and street tree zones. Such landscaping improves erosion resistance and dust control. The streets within the District improve access to all lots or parcels assessed. Street lights improve ingress and egress, from such lots or parcels by illuminating access after sunset. Such street lights, by so improving ingress and egress, improve the security of such lots or parcels by improving the nighttime visibility of such lots or parcels and improve the access of emergency vehicles thereto and in the case of commercial lots or parcels, facilitate the opening and operation of business uses after sunset.

The primary benefits of landscaping and street trees are as set forth below:

1. Improved aesthetic appeal of nearby parcels.
2. Green space within the urban environment.
3. Enhances wind breaks.
4. Improved erosion resistance.
5. Improved dust control.
6. Tends to instill a sense of pride within the neighborhood.
7. The enhancement of the value of property which results from the foregoing benefits.

The primary benefits of municipal parks are as set forth below:

1. Designated sites where children may gather to play without danger from traffic.
2. Designated sites where adult, youth and family activities can take place (i.e., picnics, baseball and softball leagues, soccer leagues, other athletic activities, art festivals, animal shows and training, etc.)
3. Green space and open space within the urban environment.
4. Availability of public restrooms.
5. The enhancement of the value of property which results from the foregoing benefits.

The primary benefits of street lighting are for the convenience, safety, security and protection of property, property improvements and goods as set forth below:

1. Improvement to traffic circulation and reduction in nighttime accidents and attendant human misery and decrease in personal property loss.

2. The deterrence of crime and aid to police protection.

3. Promotion of business during nighttime hours.

4. Increased nighttime safety on roads and highways.

5. The improved ability of pedestrians and motorists to see, which helps people safely find their way.

6. Improved ingress and egress to lots and parcels.

7. Reduction in vandalism and other criminal acts, and reduced damage to improvements.

8. The enhancement to the value of property which results from the foregoing benefits.

5.2 Zones of Benefit

The 1972 Act provides for areas within a district to be classified into different zones of benefit. The City of San Jacinto Landscaping, Lighting and Park District No. 1 is divided into separate zones and sub-zones for financing landscaping, lighting and park improvements. The various zones and sub-zones are delineated on the Boundary Map on file in the office of the City Clerk.

LANDSCAPING ZONES

Landscaping is divided into three (3) benefit sub-zones. These sub-zones are labeled A-1, A-2 and A-3 and are comprised of the areas described below:

Landscape Zone Description

Subzone A-1: All parcels in the fully inhabited areas of San Jacinto approximately bounded by the San Jacinto River, the southerly City Limit, the northerly prolongation of Pine Avenue, De Anza Drive, the San Diego Aqueduct, and the northerly City Limit to the San Jacinto River; with the exception of Subzones A-2 and A-3; and excluding parcels in Landscaping, Lighting and Park District No. 2.

Subzone A-2: All parcels in the Soboba Springs (Village IV) Tract.

Subzone A-3: All parcels in the Rancho San Jacinto area that are not in Landscaping, Lighting and Park District No. 2.

STREET LIGHTING ZONES

Street lighting is divided into two (2) benefit zones. These zones are labeled Zone B (lighted areas) and Zone C (non-lit outlying areas) and are comprised of the areas described below:

Street Lighting Zone Description

Zone B: Those parcels within the boundary of LLPD No. 1 that have street lights installed within close proximity or that are surrounded by areas that have street lights.

Zone C: Those parcels within the boundary of LLPD No. 1 that have no street lights within a reasonable distance. These parcels are primarily in outlying areas with little or no population.

PARKS ZONE

Parks are comprised of a single citywide benefit zone designated Zone D and as described below:

Parks Zone Description

Zone D: All parcels within the District that are included in existing residential uses (including apartments, condominiums, PUD's, mobile home parks, recreational vehicle parks, etc.); commercial/industrial uses; and churches/fraternal organizations; and are included in petitions signed when they were developed. No vacant parcels are included.

STREET TREES ZONES

Street trees are divided into two (2) benefit zones. These zones are labeled Zone E (populated areas) and Zone C (vacant or lightly populated outlying areas). Zone E and Zone B cover identical areas. Similarly, Zone C covers both non-lit areas as well as lightly populated areas.

Street Trees Zone Description

Zone E: Those parcels within the boundary of LLPD No. 1 that will participate in the planned street tree installation and maintenance program in populated areas.

Zone C: Those parcels within the boundary of LLPD No. 1 that are vacant or in lightly populated areas. These parcels are primarily in outlying areas.

5.3 Assessment Formula

The formula used to calculate the amount spread to all parcels within the District for landscaping, street lighting, parks and street trees starts with the basic assessment unit (AU). The basic assessment unit is given a value of one (1) for a single- family residential parcel. From this base, the remaining parcels are related according to their equivalent benefit within each benefit zone or sub-zone. Zone A parcels are assessed for street landscaping separately in three (3) sub-zones. Zone B parcels are assessed for street lighting and Zone C parcels are not. Zone D residential and commercial/industrial parcels containing dwelling units or business establishments are assessed for municipal parks. Zone E parcels are assessed for the installation and maintenance of street trees and Zone C parcels are not.

Vacant parcels (agricultural, residential or commercial/industrial) are assigned 0.5 AU for landscaping, street lighting and street trees because they have a partial benefit due to the overall

enhancement of the area and to the increase in property value from the installation and/or maintenance and servicing of said public improvements. Vacant parcels are not assessed for park maintenance. Commercial/industrial and public utility parcels are assigned 3.0 AU per acre (1.0 AU minimum, 10.0 AU maximum) for landscaping, street lighting, parks and street trees based upon the fact that one acre of commercial/industrial property is the equivalent of three single family residences. Small residences (less than 1,000 square feet and/or less than 50 feet of frontage) (Land Use Code "RS") are assessed at a rate of 0.7 AU for landscaping and 1.0 AU for all other improvements because they are have the small frontage relative to landscaping but have the same benefit from street lights, park maintenance and street trees as other single-family residences. Condominiums and PUD's are assigned 0.9 AU for each type of maintenance because, although these units have most of the characteristics of a single family residence, they generally are somewhat smaller and have common areas and homeowner associations. Apartments and common unit condominiums are assigned 0.6 AU per apartment unit for landscape maintenance and 0.8 AU for each of the other types of indicated public improvement because apartment units are typically smaller than a single family residence. Mobile homes are assigned 0.5 AU per mobile home unit for landscaping and 0.7 AU for street lighting, parks and street trees because these units are generally smaller than single family residences or condominiums and are usually occupied by senior citizens who tend to benefit less from most of the indicated public facilities. Recreational vehicle (RV) parks (own or rental) are assessed at a rate of 0.3 AU for landscape maintenance and 0.7 AU for street lighting, and park and street tree maintenance for the same reasons cited for mobile home parks, except that RV parks often have high vacancies, especially during the summer months. Railroad parcels are assessed 0.5 AU per acre (1.0 AU minimum, 5.0 AU maximum) for street lighting only because street lighting causes a reduction in vandalism on railroad property and increases safety at railroad crossings, but receive less benefit than does single a family residence because of the reduced activity on railroad tracks. Churches and fraternal organizations are assigned 0.5 AU per acre (1.0 AU minimum, 4.0 AU maximum) for each type of indicated public improvement because these parcels obtain benefit from each type of improvement, but at a reduced rate due to the periodic use of the property.

Assessments by zone, if applicable, are additive. As the land use on any specific parcel changes from one fiscal year to the next, the assessment formula shall also change to reflect the change in land use.

5.4 Assessment Unit Method
