The types of facilities and services provided and financed by Community Facilities District No. 2003-2 (the "District") include the maintenance of sewer facilities, such as the furnishing of services and materials for ordinary and usual maintenance and operation and the servicing of such sewer facilities, including, but not limited to the repair, removal, or replacement of all or any part of any improvement.

For Fiscal Year 2012/13, 66 parcels were subject to the Special Tax and were levied at 100% of their respective Maximum Special Tax. The Maximum Special Tax Rate for each parcel classified as residential property is \$269.4816 (shown to the fourth decimal – for exact amount) per number of actual residential units constructed or to be constructed on such parcel. # 1. FUND ANALYSIS

## 1.1. Sewer Lift Operations Fund

---

Senate Bill 165, filed with the Secretary of State on September 19, 2000, enacted the Local Agency Special Tax and Bond Accountability Act. This Act requires that any local special tax or local bond measure subject to voter approval contain a statement indicating the specific purposes of the special tax, require that the proceeds of the special tax be applied to those purposes, require the creation of an account into which the proceeds shall be deposited, and require an annual report containing specified information concerning the use of the proceeds. The Act only applies to any local special tax measure or local bond measure adopted on or after January 1, 2001 in accordance with Section 50075.1 or Section 53410 of the California Government Code.

Some of the requirements of the Act are handled at the formation of the Special Tax District and others are handled through annual reports. This Section of this report intends to comply with Section 50075.3 or Section 53411 of the California Government Code that states:

“The chief fiscal officer of the issuing local agency shall file a report with its governing body no later than January 1, 2002, and at least once a year thereafter. The annual report shall contain all of the following:

- (a) The amount of funds collected and expended.
- (b) The status of any project required or authorized to be funded as identified in subdivision (a) of Section 50075.1 or Section 53410.”

The requirements of the Act apply to the Operating Fund of Community Facilities District No. 2003-2.

### **Purpose of Special Tax**

The types of facilities and services provided and financed by Community Facilities District No. 2003-2 (the “District”) include the maintenance of sewer facilities, such as the furnishing of services and materials for ordinary and usual maintenance and operation and the servicing of such sewer facilities, including, but not limited to the repair, removal, or replacement of all or any part of any improvement.

### **Collections & Expenditures – (Accumulative)**

<b>Fund</b>	<b>Total Amount Collected</b>	<b>06/30/2012 Balance</b>	<b>Amount Expended</b>	<b>Service Status</b>
Sewer Lift Operations Fund	\$128,184.39	\$0.00	\$128,184.39	Ongoing

## 2. 2012/13 LEVY

### 2.1. Special Tax Spread

---

All parcels were levied a Special Tax of approximately 100% of their respective Maximum Special Tax Rate for Fiscal Year 2012/13. The following table provides the Special Tax Levy breakdown for Fiscal Year 2012/13:

Total Amount Levied	Maximum Special Tax	Percentage of Maximum (1)
\$17,785.68	\$17,785.79	100%

(1) Approximately 100%. The levy for each parcel was rounded down to an even cent amount below the maximum for placement on the County tax roll.

### 2.2. Annual Levy Components

---

Pursuant to the California Government Code, administrative expenses are identified by consultation with Agency staff to ensure that the District is self-supporting and is not being subsidized by the Agency's General Fund.

NBS assists the Agency in identifying and recovering the following general costs:

- Agency administrative charges. This includes the value of Agency staff time spent on the administration of the District, calculated by using a fully-loaded salary rate that includes benefits and overhead costs. Any Agency expenses that have been incurred, such as copying and mailing expenses, are also recovered as part of this calculation.
- Fiscal Agent/Bank charges. Includes the total of bank charges to the Agency for the annual tracking of funds and payments made for services rendered.
- County Auditor-Controller collection charges. Fees charged by the County Auditor-Controller to place the special tax installments on the tax roll each year are identified and recovered if the charge is subtracted from the amount submitted by NBS. This charge is typically either a flat, per-parcel charge or a percentage charge based on the amount submitted. Riverside County charges \$0.51 per parcel, per charge, plus a base \$103.67 per District, to place installments on the tax roll.
- Administration charges. Costs incurred by the Administrator in the year-round administration of the District, which includes the preparation of the annual levy, ongoing reporting to the Agency, and the tracking of activity within the District such as payments and parcel changes.
- Delinquency management charges. The cost of any delinquency management action to pursue the payment of delinquencies, including the mailing of reminder and demand letters.
- Manual adjustments. Credits and charges for specific parcels affected by special circumstances.
- Fund surplus credits. NBS analyzes the fund balances each year. Surplus funds that exist may be applied to the annual levy as a credit to reduce each parcel's annual installment.
