

Science Saturdays 2011

February 5: Archaeology!

Join us as we explore the history of human culture and artifacts with hands-on family fun!

March 5: Science of Sports!

Discover the science behind your favorite sports and activities! Stop by the Health and Safety Fair –there is science in safety!

April 2: Light and Color!

Uncover the world of pigments, prisms and light!

May 7: Biology!

From plants to people, parasites to penguins, biology is all around us. Stop by as all the aspects of biology are brought to 'life'!

June 4: Water! Water! Water!

Cool off at the Western Science Center and explore the importance of this natural resource!

10:00am – 1:00pm at the Western Science Center

Most activities are FREE. Children under 13 must be accompanied by an adult.
