

Training is sponsored by – the City of San Jacinto and CALFIRE/Riverside County Fire

CERT is about readiness, people helping people, rescuer safety, and doing the greatest good for the greatest number. CERT is a positive and realistic approach to emergency and disaster situations where citizens will be initially on their own and their actions can make a difference. Through training, citizens can manage utilities and put out small fires; treat the three killers by opening airways, controlling bleeding, and treating for shock; provide basic medical aid; search for and rescue victims safely; and organize themselves and spontaneous volunteers to be effective.

CERT training is a commitment of 20 hours of training. Only those who successfully complete the practical exercise with hands-on instruction in fire suppression, search and rescue, cribbing, and medical aid, will receive a certificate of completion.

Attendance is mandatory to receive certificate of completion
